

CENTER FOR PEER EXCELLENCE

WE ARE HERE TO SUPPORT YOU

Bridgehaven
MENTAL HEALTH SERVICES
Providing Hope and Recovery

Meet Dominique, Peer Support Specialist

I have hearing loss and wear a hearing aid; I prefer to speak verbally to communicate with others but I can also sign.

Hi, my name is Dominique. I'm from Louisville, KY. I have Major Depression Disorder, Anxiety, and PTSD. The reason I became a Peer Support Specialist is to raise awareness about the deaf/hard of hearing community and to provide education to deaf/hard-of-hearing individuals so they have reliable access to resources and support in their recovery process. I'm all about compassion and kindness as well as being an advocate for the deaf community as they deserve equal access to mental health services. I just love to help others by being attentive and using my story to change the lives of others. I hope to be a spark of recovery for others. Deaf and Hard of Hearing individuals need to be heard. That's why I'm here to bring hope and success to others through Bridgehaven.
